See OCGA §5-6-37.** Once the trial court clerk has received and filed the Notice of Appeal, the trial court clerk will prepare a copy of the record and transcripts as designated by the Notice of Appeal and transmit them to this Court. Once the Notice of Appeal is docketed in the Court of Appeals of Georgia, a Docketing Notice with the Briefing Schedule and other important information is mailed to counsel for the parties or directly to the parties, if the parties are representing themselves. Gentlemen:

We started to contact you earlier but the attorneys said we would have to send a copy of the court transcripts of 2012 but we have not been able to get these from court house We waited and waited for the attorneys to find transcripts but they had no luck.

When TV tried to do something in Fannin County they could not find transcripts either. We have proof of what did/did not go on, from 2006 to 2012 on a divorce. Where fictitious numbers were used by the other side. Where my taxes have always shown in the low 20,000 range . When Peachcare and disability were both told my income was this, the judge was told my income was \$90,000 and I owned a business by the name of Pickelsimer's Garbage, which I have never been associated with. The judge had just had a case in Jasper with that company a few years prior and said since I had that company , my income could not be \$20,000. While all this conversation was going on from 2009 to 2012 with the other side speaking with the judge, David Ralston and Clint Bearden never even spoke with the judge. While she transferred rental income in 2009 to claim zero income from 2006 to 2012 and renting property which if anything happens it will go back to her. Then purchasing of new vehicle and putting in her parents name. In 2010 Judge Bradley handled her drug case with the prescriptions that were known she had a minimum of \$1400 co pay a month. While in 2008 I had contacted the JQC about the handling of Judge Roger Bradley never giving me a day in court. Everytime we showed, we were sent home. Russell Lariscy was the attorney at that time and could not understand why we were being turned away. He let the judge know we had contacted the JQC then.

We had six signed affidavits from mine and her witnesses that they were stating that we were never being given the chance to present evidence. For the safety of my daughter, for to dispute lies or cross examine. I only have one set of court transcripts which are from Judge Armstrong.

They state my income was \$450 a week at 30 hours a week, not \$90,000 a year on 30 hours a week. I went into bankruptcy in 2008 and in 2013 the judge said that had no bearing on this case. If court transcripts disappear, child support work sheets disappear, and you base a divorce off accusations with no proof, and it be seven years later. How is that justice or lawful? After all when you mix my case up with another one, and say that anything I present will not be heard or change his mind, the judge has made his mind up before hearing any evidence. I was told by Clint Bearden that it would cost me \$10,000 to come to the Court of Appeal and it would require court transcript which to this day have not been produced, This is the same judge accused of racial slurs and transcripts could not be found and to this day have not been

released.

I have thousands of papers in this case that were not even looked at. There's a \$50,000 check my name was forged to, but with his meetings with her she convinced him my name was not on it. But she plainly states she is signing my name to check so what check was he shown. From what I have looked at in Georgia law if the papers are not signed in two years of the hearing it requires a new hearing. Seven calenders years is what this has taken, along with bankrupting me, setting child support amount that was equal to her income. 65% of my income for one child when Georgia's law says 17-23%. All I ever ask for was to present evidence and keep my daughter protected. In 2010 he had her on drug charges. I know of 70 prescriptions, 23 doctors, in three different states that I tried to present as evidence , and her give her probation and more custody of my child, while all along claiming 0 income to pay for any of this. Also, told her to move out of the state and it could be handled in North Carolina. I just want the case looked at and made right, according to law. How is this lawful to never hear a case, hold it for seven years, meet with one side in February 2009, sign it in 2012. While never having court or transcripts available for anyone to protect themselves? Just look at the evidence that I am talking about that is there to help protect the citizens against a judge is missing. I have copies from JQC, I have copies of 2006 hearing with Judge Armstrong. The only thing I show from Judge Bradley is a signature on a piece of paper making child support 500% higher that from the first judge seven years later. Along with court dates that the hearings were never heard because we were sent home. There is no less than six of them.

Sincerely

Alan Pickelsimer
