Kris Radcliffe
NBC 6 Weekend Sports Anchor

I fell in love with Central Texas on my first trip to the "Lone Star State" when I was 18. Since then I've dreamed of living and working in this community. With family in Austin,

weather that's very unlike the Midwest and golf courses everywhere, this area is a sports fan's dream.

After being raised in Los Angeles and spending a great deal of time at the beach growing up, you can imagine that two Nebraska winters were more than enough for me.

When KCEN-TV needed a weekend sports anchor it seemed too good to be true! Sports have been my life and I couldn't picture a better job for someone like me. My father was a high school teacher and coach and has been the official scorer for the Lakers for the past 41 seasons.

After my college baseball career ended due to a ligament sprain in my elbow, I knew that I needed to somehow make a living in the "sports industry." After producing and anchoring a 1/2 hour sports show in Southern California for 3 years, it was off to North Platte, Nebraska to work as the weekend sports anchor for the second smallest television station in the country.

Now I'm having a blast living in Central Texas. I love what I do and the weather has got me playing golf and softball nearly year round.

So please say, "hello" when you see me. I want to meet all of our viewers and help tell the amazing
