

GEORGIA'S HOPE Scholarship Program Highlights

“HOW TO MAINTAIN YOUR HOPE SCHOLARSHIP”

This information sheet highlights what you need to know in order to continue to be eligible for Georgia's HOPE Scholarship while seeking a degree at a Georgia public or private postsecondary institution.

Enrollment

- A. You must be enrolled in an undergraduate degree program at a branch of the University System of Georgia, a branch of the Georgia Department of Technical and Adult Education, or an eligible private college or university in Georgia.
- B. There is no minimum number of hours per semester or quarter of enrollment required for eligibility at a public institution. Students attending private colleges and universities must be enrolled full-time (12 hours).

Credit Hours and HOPE Cumulative Grade Point Average for Renewal

- C. Students who are eligible to receive HOPE as entering freshmen may receive payment through the term that they have attempted (not earned) at least 30 semester or 45 quarter hours. All attempted hours and corresponding grades as shown on official transcripts are counted toward the HOPE cumulative grade point average, including remedial study. Additionally, withdrawals are counted as attempted hours even if there is no academic penalty. Any credit hours attempted or earned before high school graduation and hours exempted by examination do not count as hours attempted and are not included when calculating the HOPE cumulative grade point average.
- D. If you have a HOPE cumulative grade point average of at least a 3.0 by the end of the term you attempted 30 semester or 45 quarter hours, you may renew your scholarship for 31 through 60 semester hours or 46 through 90 quarter hours attempted. The grade point average is based on all college credit hours attempted after high school graduation.
- E. If you have earned a HOPE cumulative grade point average of at least a 3.0 by the end of the term you attempted 60 semester or 90 quarter hours, you may renew your scholarship for 61 through 90 semester hours, or 91 through 135 quarter hours.
- F. If you have earned a HOPE cumulative grade point average of at least a 3.0 by the end of the term you attempted 90 semester or 135 quarter hours, you may renew your scholarship for 91 through 127 semester hours or 136 through 190 quarter hours.
- G. If you are enrolled in a specific undergraduate degree program which is designed to be a five-year program, you may renew your scholarship for a total of 150 semester hours or 225 quarter hours attempted or the number of hours required by the program, whichever is less.

School Transfers

- H. HOPE Scholarship recipients transferring from one HOPE-eligible Georgia institution to another HOPE-eligible Georgia institution are eligible for HOPE funds if they continue to meet all of the eligibility requirements. Any credit hours attempted or earned before high school graduation, hours exempted by examination and their corresponding grades are not counted for purposes of HOPE.
- I. All college credit hours attempted after high school graduation and corresponding grades are counted toward the HOPE cumulative grade point average, even if those hours and grades are not accepted by the new institution.

Satisfactory Academic Progress

- J. In order to receive payment each school term, you must be making Satisfactory Academic Progress as determined by your institution even if you have not reached the renewal checkpoints in paragraphs C-G.

Award Amounts

- K. The HOPE Scholarship award at a public institution covers your actual tuition charges and mandatory fees approved by HOPE at your institution.

Award Amounts (Continued)

- L. You are also eligible for a book and supplies allowance at a public institution. The award is \$150 per semester or \$100 per quarter if you are enrolled for 6 or more hours. If you are enrolled for less than 6 hours, the allowance is \$75 per semester or \$50 per quarter.
- M. The HOPE Scholarship award at a private college is \$3,000 per academic year. The award amount may be reduced if HOPE, plus the Georgia Tuition Equalization Grant, exceeds the cost of tuition and fees.

Default and Refund Due

- N. In order to receive payment each term, you must not be in default or owe a refund on any Federal or State of Georgia student loan, grant, or scholarship. If you have ever gone into default on a Federal or State of Georgia student loan, you must repay your loan completely before you will be eligible for HOPE.

To Regain the Scholarship

- O. The HOPE scholarship is a reward for scholastic achievement and an incentive to continue working hard in school. If after attempting 30 semester or 45 quarter hours you fall below a 3.0, you may continue your sophomore year at your own expense. If you then earn a HOPE 3.0 cumulative grade point average at the end of your sophomore year (after 60 semester or 90 quarter hours attempted), you may receive a HOPE scholarship for your junior year. This opportunity is available at all eligible public and private institutions. If you then maintain the 3.0 HOPE cumulative grade point average, you may renew the scholarship for your senior year.

If you attend a public or private institution and did not earn a HOPE 3.0 cumulative grade point average at the end of your sophomore year (after 60 semester or 90 quarter hours attempted), you may still regain your HOPE scholarship for your senior year if you have earned a HOPE 3.0 cumulative grade point average at the end of your junior year (after 90 semester hours or 135 quarter hours attempted).

Non-Traditional Students

- P. If you graduated from high school prior to the establishment of the HOPE program in 1993, or if you are not academically eligible for a HOPE scholarship immediately after high school graduation, you may be eligible for a HOPE scholarship at a public or private institution after attempting 30 or 60 semester or 45 or 90 quarter hours of study, if you have earned a HOPE 3.0 cumulative grade point average for all college credit hours attempted after high school graduation. If you attend a public or private institution, you may also enter the HOPE scholarship program after attempting 90 semester or 135 quarter hours of study, if you have earned a HOPE 3.0 cumulative grade point average for all college credit hours attempted after high school graduation.

To Reapply for HOPE

- Q. Depending on your personal circumstances or the institution you attend, one of several different forms can be used to reapply for the HOPE scholarship each year. Contact the Financial Aid Office at the institution you will attend for specific application instructions that best suit your situation. **You must complete the application process through the institution's Financial Aid Office before the end of Spring term in order to receive payment for the current award year.**
- R. The postsecondary institution you are attending may also require that you complete the institution's application for financial aid. Please contact the Financial Aid Office for more information.

Filing Appeals and Exceptions

- S. In order for an appeal or exception to be considered, the student must file a written appeal or request an exception, with supporting documentation, with the HOPE Scholarship office within 45 days of receiving notice of denial. Please address correspondence to the HOPE Scholarship Committee, Georgia Student Finance Commission, 2082 East Exchange Place, Suite 100, Tucker, GA 30084.
